

Eco STAT Security Product Line

Eco STAT - Currency Bags

Unparalleled tamper evidence combined with easy-to-use, in-line VOID tape closure make the Eco STAT line of deposit bags the choice for retail companies looking to protect their daily cash and check deposits. All stock deposit bags feature our 3/4" tall, high visibility bar codes and numbers for maximum security and readability under camera. Custom printed bags are available with numbering and bar codes up to a maximum height of 1".

Eco STAT - Federal Reserve Bags

The industry's most durable currency shipping bags feature our Eco STAT degradable film and Dual Seal Eco STAT VOID Closure. All currency shipping bags feature high visibility, 1" tall Fed specific bar codes for maximum readability. The Eco STAT closure provides the single solution to tamper evidence. It is effective at all temperature extremes and eliminates false positive indications from "pre-VOIDing".
